

“Write the vision, and make it plain on tablets, that he may run who reads it.  
For the vision is yet for an appointed time; But at the end it will speak, and it will not lie.  
Though it tarries, wait for it; because it will surely come, it will not tarry.”  
Habakkuk 2: 2 - 3

Workshop

Capture Your Compelling Vision  
For The New Year!

Online Event With Access to Replay

This 21-Day **Breakthrough Vision Fasting Challenge** is designed to help you align with God's direction for your life, clarify your vision for the year, and fuel your faith to believe for breakthrough levels of victory. I'm looking forward to our time together to capture the compelling vision we receive from the Lord during our Virtual Vision Board Workshop on **Saturday January 23rd from 5:00 - 6:30 PM EST.**

Vision Boards not only help capture your goals and desires, they have been proven to help people accelerate progress toward the goals that will lead them to live a more fulfilling life. Watch this short YouTube [video](https://www.youtube.com/watch?v=...) of Steve Harvey discussing the importance of vision boards: <https://steveharvey.com/write-your-vision-motivated/>

## Here's How to Prepare:

1. **Register** for the workshop to obtain the Zoom details needed to join the meeting: <https://us02web.zoom.us/meeting/register/tZYsfuypqTMsG9HSawpDex-huIAfRiWn5WZU>
2. **Think of One Word** that will serve as your mantra for 2021. Tap into what you've been hearing from the Lord during your time of fasting and praying.
3. Leverage the **'Write the Vision Down'** exercise to envision your best possible life. Capture the insights that you've gained during the fasting challenge.
4. **Determine your target goals** for the year. Keep in mind that our goals tend to 'stick' when they are related to a clear vision. Use the enclosed goals template as a guide.
5. Begin to think of **images and words** that encapsulate your vision and goals.
6. Decide if you want to create a *physical* or *digital* vision board.

**Physical vision boards** are the most common types made by decorating a display board with pictures, words and designs that express your vision & goals. You display this physical vision board in a place that allows you to frequently read it.

Materials needed:

- Display board (poster board, cork board, foam board)
- Magazines
- Scissors
- Adhesive (glue, glue sticks, clear tape)
- Paper and pen
- Colored sharpies or other permanent markers
- Inspirational / motivational quotes: Check out [Pixaby.com](https://www.pixabay.com), [GoalSettingBasics](https://www.goalsettingbasics.com), and [EveryDayPower](https://www.everydaypower.com) in addition to some of your go-to scriptures.
- Other images, letters, stickers and decorative items from artwork, old books, computer printouts, etc...
  - [pexels.com](https://www.pexels.com) provides great free stock photos

Plan a place to CREATE your vision board during the workshop. Ensure you have enough room for your board, supplies and your computer, tablet or phone that you'll use to connect to the Zoom room.

Identify a location to DISPLAY your vision board and a means for hanging / propping it up. Otherwise, it can end up behind your sofa or in your closet.

**Digital vision boards** are those created electronically using an online template or app. These are gaining popularity because they are deemed more practical in that you can access them anywhere.

Materials needed:

- Online template or app. Many are free with optional paid upgrades.
  - I recommend using [canva.com](https://www.canva.com) to find a vision board template that you like. I've saved a few in a Vision Board folder that you can access if you accept my invitation. It will come from Canva and read: "You have been invited to join a team on Canva"
- Some popular vision board apps are:
  - [PicMonkey](https://www.picmonkey.com), offers special vision board templates and cloud storage; you can print out your digital vision board to display physically
  - [DreamItAlive](https://www.dreamitalive.com), provides a database of inspiring photographs and [wise quotes](https://www.wiselyou.com) for you to create a visually pleasing dream board.
- Digital images - several options are offered for free in Canva or you can upload your own images. [pexels.com](https://www.pexels.com) provides great free stock photos!
- Inspirational / motivational quotes: Check out [Pixaby.com](https://www.pixabay.com), [GoalSettingBasics](https://www.goalsettingbasics.com), and [EveryDayPower](https://www.everydaypower.com) in addition to some of your go-to scriptures.

## Goal-Setting Template

	Spiritual	Relationship	Business / Career	Self-Care
What is your top desire for this category this year?				
How would achieving your desire make you FEEL?				
What does achieving your desire LOOK like?				
How will you take ACTION to achieve this desire?
